

## Quality Policy

We are entirely committed to providing high quality, best value products and services to our customers and to the end user

### **Our Standards**

Through the application of our corporate Values we will:

- Consistently meet or exceed the requirements of our customers
- Use an integrated quality management system that complies with international standards
- Comply with the appropriate legislation in the country in which we are working
- Achieve continuous process improvement through setting and reviewing quality objectives, regularly reviewing industry best practice and sharing improvement opportunities across all parts of our business
- Seek to reduce abortive work and material wastage
- Provide adequate resources to ensure that all elements of this Policy are properly implemented

### **Our Employees**

All of our employees are responsible for the effective communication and operation of our quality management system.

We will:

- Ensure that we provide the necessary information, training and support to enable our employees to comply with the quality management system
- Develop our employees to ensure that they are competent to carry out their work
- Encourage our employees to realise their full potential and contribute to the growth of the business through improved quality, reliability and efficiency
